**MORE THAN A JOB...
A CAREER!**

This training course delivers a comprehensive classroom presentation, a written test, and a hands-on skills testing session. The classroom portion explores the safety, stability, and operational characteristics of industrial equipment, emphasizing best practices and regulatory compliance. Designed for operators and safety personnel, this course ensures proficiency in equipment handling. Upon successful completion, participants receive a certification card, valid for three years, confirming their expertise and commitment to workplace safety.

7 C.E. HOURS

* PLEASE NOTE:

All classes require a valid email address to participate; class confirmation will be emailed to student; student must attend all classes for hours/credits; valid dues receipt required for all classes, no exception; priority on classes will be given to 595 working members first.
