**MORE THAN A JOB...
A CAREER!**

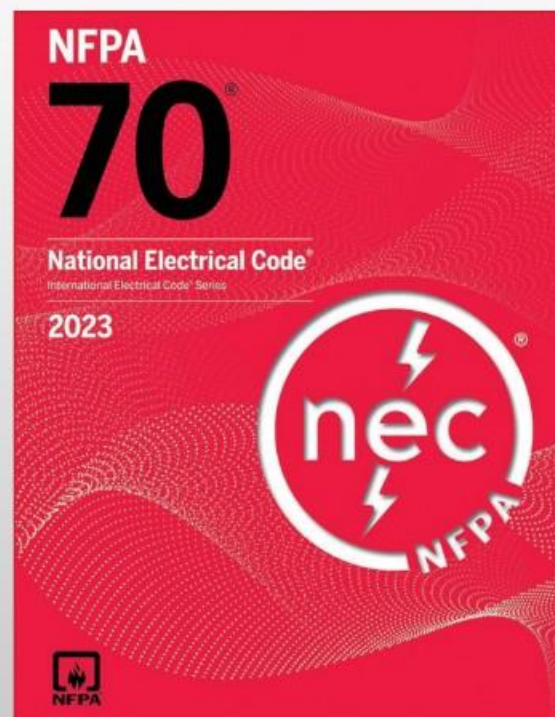

The NEC is revised every three years, to reflect the newest installation practices utilized by the electrical industry. It is the electrical worker's responsibility to stay abreast of the changes to the code. This class is an exploration of a number of the most significant changes between 2020 and 2023 NEC. This class is not intended to be all encompassing. Further study beyond what is covered is recommended.

12 C.E. HOURS

* PLEASE NOTE:

All classes require a valid email address to participate; class confirmation will be emailed to student; student must attend all classes for hours/credits; valid dues receipt required for all classes, no exception; priority on classes will be given to 595 working members first.
