

BUILDING AUTOMATION SYSTEMS (BAS)

INSTRUCTOR: **Dave Gilfillan**

CLASS DETAILS

- 11 Sessions
- Tuesdays
5:00pm - 8:00pm
- In-person
class room: 119
- 16 People Max

Intro to building automation systems. Students will gain experience in wiring and integration of different building systems. Hands-on labs feature a variety of technologies including Lonworks, bacnet and legacy. Class time will focus on hands-on exercises that provide the skills necessary for success when working on building automation systems.

**MORE THAN A JOB...
A CAREER!**

* PLEASE NOTE:

All classes require a valid email address to participate; class confirmation will be emailed to student; student must attend all classes for hours/credits; valid dues receipt required for all classes, no exception; priority on classes will be given to 595 working members first.
